PLANTING CALENDAR for VEGETABLE SEEDS and TRANSPLANTS

This planting calendar is based on a calendar developed by the Virginia Master Gardeners. It may be used for Virginia as well as the Mid-Atlantic region. For other regions it may be necessary to adjust the dates forward or backward according to your climate. For additional information see Saving our Seeds (www.savingourseeds.org).

LOCATION KEY: Coastal — Inland Plains — Mountains — Not recommended = ---NR---

PLANTING KEY: S = Direct sow TP = Transplant B = Bulb, tuber or slip planting date
